Server superlehrer von Birgit larcher:

85.214.118.218

Eigener Name + "**schule**" als PW -> Schüler

Benutzer **Teacher** + **superpassword** -> Lehrer

Ich habe den Server mal vorbereitet, so dass man ihn direkt mit Schülern testen kann. Wenn man sich einfach so anmeldet (Startpassword "schule") kommt man als Schüler hinein. Meldet mans ich als Benutzer "Teacher" mit dem Passwort "superpassword" an, kann man alles machen, auch fliegen usw.
